VA NATIONAL CENTER ON HOMELESSNESS AMONG VETERANS

Promoting data-driven, evidence-based solutions to end Veteran homelessness

Overview – VA Homeless Programs

- **Housing and Urban Development-Veterans Affairs Supportive Housing (HUD-VASH)**
 - HUD-VASH is a collaborative program between HUD and VA.
 - Eligible homeless Veterans receive VA provided case management and supportive services to support stability and recovery from physical and mental health, substance abuse, and functional concerns contributing to or resulting from homelessness.
 - Through the end of FY 2020, 84,991 HUD-VASH Vouchers were used by Veterans and their families.
- **Supportive Services for Veteran Families (SSVF)**
 - SSVF provides supportive services to very low-income Veterans families in or transitioning to permanent housing.
 - Funds are granted to private non-profit organizations and other community partnerships to provide supportive services and to promote housing stability.
 - In FY 2020, SSVF served over 77,500 Veterans.

VA NATIONAL CENTER ON HOMELESSNESS AMONG VETERANS

Promoting data-driven, evidence-based solutions to end Veteran homelessness

Overview – VA Homeless Programs

- **Health Care for Homeless Veterans (HCHV)**
 - HCHV programs reduce homelessness among Veterans by conducting outreach to those who are the most vulnerable and are not currently receiving services.
 - *The Contract Residential Treatment Program* ensures that Veterans with *serious mental health* diagnosis can be placed in community-based residential treatment programs which provide quality housing and services.
 - In FY 2020, the HCHV program over 5100 Veterans left residential beds to move to permanent housing. Outreach services were provided to more than 120,000 Veterans.
- **Domiciliary Care for Homeless Veterans (DCHV)**
 - DCHV programs provide time-limited residential treatment to homeless Veterans with health care and social-vocational deficits.
 - DCHV programs provide homeless Veterans access to medical, psychiatric, and substance use disorder treatment in addition to social and vocational rehabilitation programs.
 - At the end of FY 2020, the DCHV program had provided residential services to over 4500 Veterans. The average number each year has been over 6000. This number for FY 20, was reduced secondary to pandemic protocols and reduction in admission.

VA NATIONAL CENTER ON HOMELESSNESS AMONG VETERANS

Promoting data-driven, evidence-based solutions to end Veteran homelessness

Overview – VA Homeless Programs

- **VA's Homeless Providers Grant and Per Diem (GPD) Program**
 - The GPD program allows VA to award grants to community-based agencies to create transitional housing programs and offer per diem payments.
 - The GPD program offers communities a way to help homeless Veterans with housing and services while assisting VA medical centers by augmenting or supplementing care.
 - Over 10,600 beds exist in the GPD Program nationally - in 2020, 25,500 Veterans were served.
- **National Call Center for Homeless Veterans (NCCHV)**
 - NCHAV provides toll-free number to assist homeless or at-risk Veterans and families.
 - Direct access to trained counselors, 24-hour assistance.
 - Screening and assessment.
 - Immediate referral to local homeless program coordinators to assist with VA or community resources.
 - In FY 2020, the Call Center received over 131,200 actionable calls.

December 2020

Veterans Health Administration (VHA) Homeless Programs Office (HPO)

The United States (U.S.) Department of Veterans Affairs (VA) remains committed the goal of preventing and ending homelessness. We can and will get there.

No one agency or group can end Veteran homelessness alone. The effort to prevent and end Veteran homelessness is a partnership of Federal, State, local government and most importantly the local community. VA works with communities to help them develop the solutions that work best for them and their Veterans.

VA and our federal, state, and local partners, as well as non-governmental partners, recognize that ending Veteran homelessness is not a single event in time; rather, it is a deliberate effort made to achieve the goal, and continued follow-up efforts to make sure that progress toward achieving the goal is maintained.

Our goal is a systemic end to homelessness, which means communities across the country:

- Have identified all Veterans experiencing homelessness.
- Are able to provide shelter immediately to any Veteran experiencing unsheltered homelessness who wants housing.
- Provide service-intensive transitional housing in limited instances.
- Have the capacity to help Veterans swiftly move into permanent housing.
- Have resources, plans, and systems in place should any Veteran become homeless or be at risk of homelessness in the future.

The ultimate goal is to make sure that every Veteran has permanent, sustainable housing with access to high-quality health care and other supportive services and that Veteran homelessness in the future is prevented whenever possible or is otherwise rare, brief, and nonrecurring.

State of Homelessness

Significant progress has been made to prevent and end Veteran homelessness. The number of Veterans experiencing homelessness in the United States has declined by nearly half since 2010. The U.S. Department of Housing and Urban Development (HUD) Point-in-Time (PIT) Count estimates that on a single night in January 2019¹, 37,085 Veterans were experiencing homelessness, which is 2.1 percent fewer compared to 37,878 reported in January 2018.

¹ As of December 2020, HUD has not released the PIT Count for January 2020.
